

Creative Animal Resource Education

Sol Del Mar

Leading the path to AALAS certification!

Live and On Demand Courses

We've got you covered with years of learning as you step into the world of AALAS certification. We have successfully helped Animal Science Professionals achieve their certification goals for 15 years, with many going from ALAT to CMAR certified using our continuous course pathway. We have established curriculum for all 6 exams; ALAT, LAT and LATG for the Technician path, plus the AR, M1 and M2 curriculum for the CMAR path.

The Live interactive exam prep courses provide instruction, guidance and supplemental resources necessary to help you successfully sit for the AALAS certification exams. Lessons include handouts, discussions, videos, practice quizzes, and practice exams. Class webinars meet weekly via GoToTraining.com, allowing you to attend from any computer or mobile device with internet access. The sessions are recorded so if you miss a live webinar, you won't miss the lesson.

If your schedule does not accommodate a live session, we've got you covered with On Demand! You get all the same materials with the benefit of working at your own pace, allowing you to speed up or slow down your learning to fit your style and busy schedule. Plus, we provide a syllabus to keep you on task.

With Live or On Demand you will have access to the recordings for up to 1 year and all the pdfs provided are yours to keep forever, or as long as you need them to study!

Materials Needed: The specified AALAS Training Manual and Workbook, other AALAS recommended study resources, a few hours each week to study, and a commitment to succeed!

Group sessions and discounts offered to meet your institutional and AALAS Branch training needs.
Professional trainer with decades of lab animal industry experience, Laura Jones, BS, CMAR
